<https://calendly.com/mainstream-external/recording-session-60>

Mainstream Media needs to know who your speaker is no later than 2 weeks prior to the event!!! THIS IS A MUST

Presentation Guidelines: The presentation should be 20 – 30 minutes MAX. It should be educational, pertain to cybersecurity, and **SHOULD NOT** be a sales/product pitch. Save the pitch/demo for the booth!

Your presentation is subject for review as we require non-sales titles to present. We also have guidelines for the presentations. We see the analytics and the attendees start dropping out of sessions that are salesy. FutureCon reserves the right to require a new speaker and/or presentation to better the quality of the conferences.

Mainstream Media will reach out to your speaker 2 weeks prior to the event and set up a time with them to record for the week prior to the event. If you plan to re-use a recording that we have for other events, just let us know. If you send in your own recording, then let us know and we need that no later than the Friday prior to the event.
